Ever fancied being stuck in a darkened room with Mr Robert Swift, tit-editor extraordinaire? Don't bother answering. While he's nursing another hangover, super-ego and permanent case of inertia, I'm stuck in his dingy office, landed with the job of writing his fucking column. It's not like I'm even being paid. I'm the lucky-lady of the day (as he likes to say!), here to try and give this mag some shape, well... sort of. Anyway, so far let's say that I haven't doused myself in baby oil and rocked off to the Bahamas swinging a g-string, but have been subjected to everyone's "weekend". A dubious term in itself, but subject to many interpretations round here, from rolling around the floor of The Church dribbling lager, (the Australian type "experience" near King's Cross) to losing copious amounts of cash in the casino, any casino (great system though, Mr Editor). Generally, the gist seems to be trying not to remember anyone's name during the telling of your "weekend", (just their inside leg measurement) or to openly admit that you were ever sober - indicated by how many Nurofens you stuff in your mouth. So lovers, where's everyone taking me tonight then? –

Kate the Date.

NOTE FROM THE EDITOR

WHAT!!? **What the fuck is all that about**? You pre-menstrual or what, darlin'? You give them an inch and they take the piss. All I did was ask this girl to come in and write a **few bits and pieces** for the mag. I was feeling a bit delicate so I suggested she had a go at Tease!, and try telling the world what her first impressions of working at **Club** were. And what does she do? She starts **blathering on** like some fucking wacky weird nut and complains about not getting **paid** for the privilege! There are people out there who would give their grandmother for a day in this office. **She obviously fancies me.**

Anyway, good issue, this one, so have one on me. Well, not **literally**, mate! – **The Editor.** ♣

MAMA MIA!

What the hell is going on?! I've just got my hands on the latest issue of Club (Vol 24 No 10) and I reckon I've come across the perfect woman. I'm talking about that mega-babe, Mia. I've been a keen reader of Club for three years, and have never clapped eyes on a girl as sexy as she obviously is. If possible, I'd love Mia to read my fantasy herself, and if it tickles her fancy it would be easy to make it come true...

I'm a DJ in a cool club, and I live for the day when you walk in, looking up to me with those sexy eyes as you ask me to play your favourite tune. Captivated by the thought of those juicy tits juggling in time to the music, I ask you what it's worth to play your record. "Anything you want," you reply. After watching you dance to the pounding music, I'm thrilled when you ask me to take you home.

You want sex as badly as I do, and stripped naked, you ask me to place my cock between your pert boobs, wanking me between those gorgeous jugs. With us both on the edge of our orgasms, you raise your legs giving me a close-up view of your dark cunt.

Flipping you onto all fours, I put a hand on each of your bum cheeks, spreading them so that I can tease the tip of my cock along your slit before plunging deep inside. I thrust faster and faster until you toss your dark head back, crying out with the force of your climax, my thick spunk filling your cunt.

Wow, my imagination is working overtime at the naughty thought – and I'm counting the days until you give me some more pics of her bonkable body to dream about. – *Gary, Reading*

WINTER WARMER

There must be countless guys and girls who watch travel shows on television, green with envy at the lucky presenters. Well I can tell you now, you've got every right to be jealous! The combination of sun, sea and sand is a recipe for great sex and I should know, I work on the production team of a holiday programme.

After filming, there's plenty of opportunity for me to lie around on the beach, and I love teasing any men who happen to be around by peeling off my top and proudly displaying my 36D boobs. I've got a reputation with the rest of the crew as real flirt, and I have to admit that I'm happiest lounging around the bar flashing my white bits!

But it's not all sunshine. Last winter, I was packed off to an American ski resort and I knew I'd have to try extra hard to get my usual quota of fucking in those chillier climes. Dressed in a skintight woolly jumper, I headed downstairs to the hotel bar, getting aroused as I felt all the watching eyes tracing the outline of my big boobs, and taking in the wave of long, blonde hair that trailed down my back.

I had a few drinks bought for me, and I soon realised that I could take my pick of any of the men that were propping up the bar, but I fancied something a bit different that evening. And I certainly found it...

Standing in the corner were a smart, sexy couple sending out very clear erotic invitations. Smiling broadly, Kelly moved towards me. "Hello there," she drawled. "Could we join you?"

As soon as we got talking, I pictured her face buried in my cleavage. I don't consider myself a lesbian, but I have to admit that I've often fantasised about sleeping with another woman and I could feel myself getting turned on at the thought of Kelly's lips

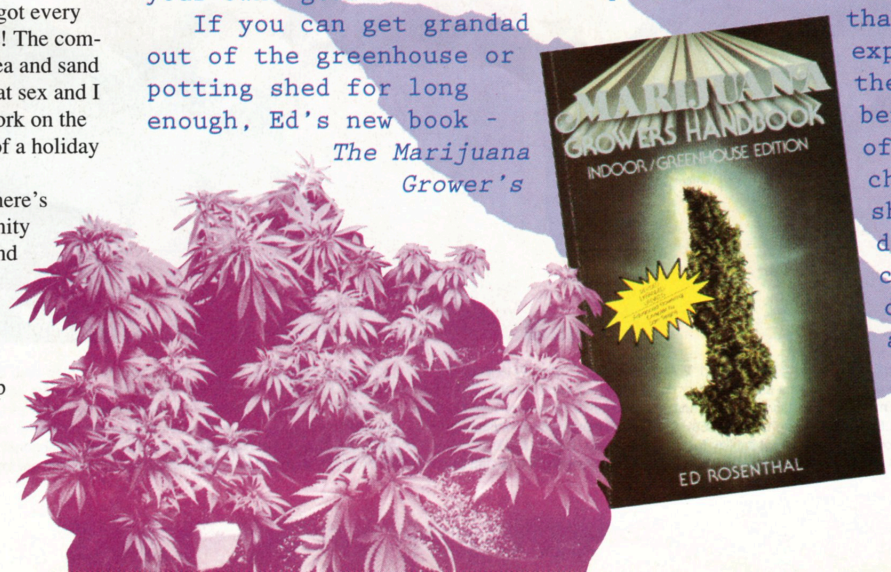
THE GREENHOUSE EFFECT

Here at Club we couldn't possibly condone the use of drugs, but Winston Jacks knows a man who can...

We're sure that there are a few of our readers out there who enjoy the occasional 'recreational cigarette', but it can be an expensive habit, so we're told. Thankfully, Ed Rosenthal has come up with a blinding solution: grow your own 'gear'.

If you can get grandad out of the greenhouse or potting shed for long enough, Ed's new book - *The Marijuana Grower's Handbook* - contains all the information that budding 'gardeners' will need to cultivate a bumper harvest, if you know what we mean.

Packed with useful advice, the book is a step-by-step guide to nurturing your crop and even has lots of pictures to show you exactly how your plants should look at each stage of their development. There's a section that explains the benefits of using chicken shit, dried cow dung and your own urine



playing across my boobs. My face flushed bright red as she told me she and Rick were on honeymoon, before adding, "But that doesn't mean we've forgotten how to have fun." She wasn't joking either, 'cos within the hour we were all in the bridal suite, sipping wine.

It must have been obvious to see how horny Kelly and I were for each other, 'cos Rick gave us the go ahead, telling us, "I need to relax. Why don't you girls play?"

Kelly and I started fondling each other, and I have to admit that I got an extra thrill from the fact that we had an audience too. Down to our underwear, Kelly leaned back against the dressing table as I kissed her nipples. Groaning behind us, Rick couldn't bear to watch our lesbian lust without joining in. I felt his hands grip my hips and then gasped as his cock slid between my buttocks.

As I fingered Kelly's moist slot, she moaned for me to lick her out, and I

Only fools and horses won't know that 19-year-old Cassandra shares the name of Rodney Trotter's girlfriend in the TV series. But our Cassie's fellas are no plonkers. "I hate dippy dipsticks," says the Cheshire cheesecake. "I like real men and real sex – good long rogers that leave me soaking wet and panting for more. And I'm no posh bird like that girl on TV. I suck cock and suck it well, and yes, I swallow too. Actually that's an understatement – I gulp! I get so hot blowing a nice big one, I slurp and smack my lips like the greedy girl I am!" ♣

JULIA CARLING

It would be too obvious to say things like, 'Well, Will, WE fancy her!', or 'Bet she drinks Carling's black label', so we won't. All we'll say is that she's a nice girl, with a big brain, long legs, her own TV show... and nay tits.

Most importantly, though, Julia you have really changed our lives. You've made us realise that if a bloke with a boat race like Will Carling (does he look like a wax-work model of Virgil out of *Thunderbirds*, or what?) can marry a top bird like you, then there's hope for us too. ♣

A former colleague of mine, ex-Soho News staffer Lisa has recently hit TV paydirt. While contributing to The Sunday Times and various glossies, blonde bombshell Lisa wrote up a story on today's girl gangs – you know, the sort of spunky skirts who go around robbing the likes of Liz Hurley (when they're not doing things to Hugh Grant). A TV exec saw the piece while flicking through mags at the dentist and so now Lisa is going to get massive money for a screenplay that's said to be chocker with stabbings, muggings, shootings and lootings. Oh, and it also has the cast rutting like rabbits with lots of gang chicks doing it for licks, kicks, cash and even, in one particularly shocking scene, for lurrve. A big hip hop soundtrack and Channel 4 are said to be involved which will surely guarantee some 'Must We Fling This Filth At Our Pop Kids?' headlines.

☆ The £200,000 Jimmy Nail blagged for the last *Spender* series hasn't toned down his temper. On a recent pop video shoot, he

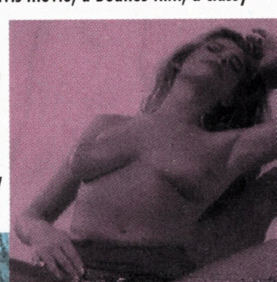
Square-eyed and slack-jawed, **Phil Strongman** brings you all the small screen news and gossip that's unfit to print...

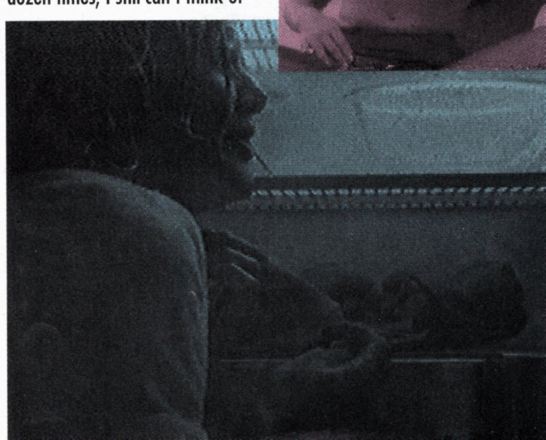
allegedly demanded that the technical staff kneel before him when filming. Reason? Nail claimed that their eyes were disturbing his eyes. Knowing British cameramen, if the above is true it won't be too long before both Nail eyes are nice and black.

☆ Sue Lawley is planning a comeback on the po-faced *Here And Now*, the BBC's current-affairs-for-idiots show, and Terry Christian is back too, as you've no doubt noticed. But everyone's favourite Mancunian is, it's said, still determined not to work with Mark Lamarr ever again. Not only did Lamarr smack Tezza in the kisser before one episode of *The Word*, he even went on to bait him live on the next show. (Lamarr asked guest Bob Holness, with apparent innocence, if he should tone down his natural aggression: "People say I'm too uptight").

☆ All this talk of TV presenters reminds me of one female talking head who enjoyed a fling with a junior researcher in a hotel near the studio, a piece of live action that was secretly filmed by a conniving crew. The pictures didn't actually come out but the soundmen told me the audio tracks were clear enough to earn the newscaster the initials F.M.T.I.F. I'm told that the last three letters stand for 'Til I Fart' whilst the first two are pretty damn obvious. Whatever can they mean?

☆ Pundits predict that there'll be half a dozen new porn channels on cable and satellite by next Christmas, at least one of which will be dedicated to "live lesbian action". Which should give the Queen's Speech a run for its money. Not that it'll make that much difference to your humble narrator. Xmas on the telly hasn't been the same for me since the mid-80s. For almost twenty years before that it had, well, consistency. There'd always be an Elvis movie, a Beatles film, a classy BBC2 ghost story and a Morecambe & Wise special. Of course, in the 80s, the specials went downhill, like everything else. In fact, even Little 'n' Large and Cannon & Ball got a look-in. Thinking about it now, and having suffered their routines a few dozen times, I still can't think of





anything that separates Little & Large and Cannon & Ball. I never saw them together either. Maybe they were one and the same, the first real alternative comedians, merely using different wigs on different nights. Everyone thought Rik Mayall launched Britain's new wave of comedy when he lisped, with dazzling wit, "Do you want to see my bottom?" but maybe it was really Large-Cannon who were the first post-Modernist jokers, changing personas nightly, making a fortune by not being funny, secretly laughing all the way to the bank. "Rock on, Tommy?" I should fucking coco.

Hiya guys! If you'll be a little patient (or better still a big one!), I'll be round to give you some intensive care. Yes, I'm playing nurses this month after Mark who's in hospital with a broken leg asked me for the sort of service you definitely won't get on the NHS. So here I am unbuttoning my crisp starchy uniform so you can give me a thorough examination. Hospitals give me the willies (I wish the patients would!) but dressing cool and clinical, when my cunny inside is bubbling hot, feels great. And although it may not be PC, I rather like playing the willing nurse, eager to do your every bidding. Wouldn't you like to reach inside my panties and take my temperature? I am feeling a little hot. It must be you guys...

Dear Carrie,
I'm pleased to see that you're the new regular girl in Club. I think you're incredibly sexy and I thought the idea of you wearing a rubber catsuit in the last issue was great. I can't wait to see the pictures! I also think you'd look great in a nurse's uniform. Please bear this in mind for the future. I can hardly wait! – *Simon, Chesterfield*
Wait no more, Simon! Nurse Carrie is here to take your temperature – to boiling point! Mind you, I'm pretty hot myself after all those nice things you said. Do you need a health visit? I could come round and give you a bed-bath!

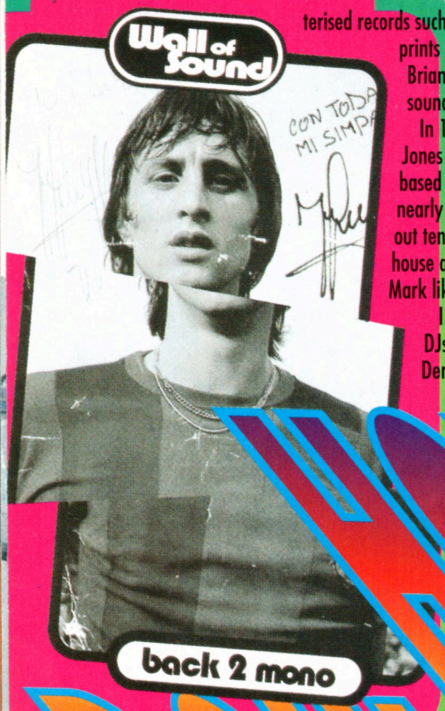
Dear Carrie,
Picture this: You are an air hostess aboard the plane on which I'm travelling. You ask me if I'd like a drink, and I ask for a beer. You take a bottle from the lowest shelf of the trolley and then reach across me to lower my table.

Your cleavage is visible and brushes my nose as I notice the freckles adorning your breasts. My penis goes ballistic in my pants, and the beer froths over the lips of the bottle as you remove the top.

You bite your lip apologetically, but to save your embarrassment I offer *you* a drink. Our eyes lock. You reach into my pants and start milking my penis with your hand. My eyes are still locked on yours as you remove your hair clip and shake your head to release it. Your hair caresses my cock as you bend down and place your mouth above it. You milk me again, with longer strokes. I twitch and my cream splashes onto your hand, the rest jetting up into your mouth.

Your mouth moves down, engulfing my dick, licking it with your tongue. Eventually you let it go, allowing a trail of semen and saliva to trickle down the side, just like that beer bottle.

Fortunately everybody else was too involved in the movie to notice what was going on. "What would you like for dessert, sir?" she asks. – *Zaine, Birmingham*
You might be about to have dessert but I've had a big pud already by the sounds of it! I've always wanted to be an air hostess but I don't like flying. I'm afraid of going down suddenly, you know what I mean?! Do you think I'd look good in the uniform? I've always fancied handling a Jumbo. Keep writing, fellas! ♣



Hey! Dahlarge!

Bags of attitude and completely cool tunes make Wall Of Sound Records the best label in the UK. Matt Moore chewed the phat with two of the label's prime movers...

Wall Of Sound Records was named after the legendary Phil Spector's incredible production sound. Phil Spector's Wall Of Sound characterised records such as The Ronette's *Be My Baby* and formed the blueprints for amongst others, The Beach Boys, whose leader Brian Wilson became so obsessed with fathoming out the sound that he still hasn't recovered.

In 1964, what Phil Spector did was 'modern', and Mark Jones in 1995 is carrying on the tradition with his London-based label, producing his own eclectic version. Conceived nearly two years ago, Wall Of Sound Records has already put out ten 12-inch singles and five albums that pull together house and jungle, experimental hip hop and anything else Mark likes.

I met the two Wall Of Sound acts-come-resident-mobile-DJs, Derek Dahlarge and John Carter, in a stuffy pub. Derek records under the banner Ceasefire and his latest 12-inch subtitled *If Cocaine's A Lady Then Freebasing's A Bitch* is out now. John is Artery and his latest release *The Dollar* is also out now.

Someone else (cheers, Dave) gets the beers in and Derek elaborates on Wall Of Sound's finer points. Both in their early twenties, Derek and John are keen to dispel the notion that just because they spend too much time in their sweaty bedrooms making so called 'trip hop', they're not a bunch of stiffs.

"Is there any way you could get me and John on a photo shoot with a load of your models?" Derek asks hopefully. "We'd really like to do that."

Well, it's better than another picture of a bloke grimacing behind his record decks.

"Fuck that shit! Let's have us naked on a leopard skin with loads of birds. I want birds draped all over me, rolling me in honey, dipping me in cocaine and licking it all off. That's what I want – I'd even wear the headphones if you want."

Don't you get any groupies?

John opens his mouth to speak, but Derek beats him to it.

"I wish I fuckin' did! This whole thing about DJs getting all the chicks is a complete fallacy. You're sitting there playing all these records and all these girls are smiling and waving at you and you're waving and smiling back, but by the time you've finished DJ'ing all the best girls have left with someone else and you end up with the dregs. Actually John usually ends up with them, I just go home and have a glass of orange juice and read *The Independent*."

Hey, you'd never touch the dregs would you, Derek?

"I've never been to bed with an ugly woman, but I've woken up with a few!

"If I was really bursting for a ride, I'd pay for it – what the fuck. I'm not poor. If you take a girl out for a meal and then you don't even like her, it's going to cost you fifty quid before you've even got laid. Cut out all the bullshit, call her up and say you're coming round – you're out of there in half an hour so you can go and have a drink with your mates. Where's the problem?"

Someone else (thanks, Kate) gets the beers in.

In May this year, the whole Wall Of Sound crew took their party to the Cambridge University Summer Ball, all expenses paid, to play in front of a load of toffs. Wall Of Sound band, Agent Provocateur (now signed to Sony) played live and their 15-year-old drummer James drove off in the tour bus and backed over the students' shopping bikes. Meanwhile, Derek and John mugged the bar staff and robbed their entire stock.

"Derek fell off the decks backwards whilst he was DJ'ing and fell out of the marquee – and he still had his headphones on!"

Derek takes up the story. "I think the only downside to the evening was that the people there were having a good time but they didn't want to have a good time with us.

"They're all MPs' daughters and judges' sons – the creme de la creme of British pseudo aristocracy, but basically we are the future."

"And the future is looking bleak," interrupts John.

But what does Mark Jones, your record label boss, make of it – he's trying to run a business, isn't he?

"He's worse than us, but he doesn't look as bad as us so he gets away with it. He's a bit like Malcolm McLaren in a way. He surrounds himself with people that are a little bit younger than him and basically he's like one of those snidey guys at school who used to tell you to do bad things and you'd do them and think it was funny. But you'd get into trouble for it, and he wouldn't, he'd just laugh and give you a cigarette.

"He came into our room after we had thrown out all the furniture and there was like ten people bouncing up and down on the bed shouting, 'WE ARE WALL OF SOUND', and he was

"Let's have us naked on a leopard skin with loads of birds. I want birds draped all over me, rolling me in honey, dipping me in cocaine and licking it all off"

thinking 'Oh no, what have I done?'"

Distracted by a girl sitting across the table from him, Derek tries his Anglo-Irish charm.

"What star sign are you?"

"Sagittarius."

"I'm a Gemini. Great lover."

Derek, have you ever exposed yourself in public?

"What do you fucking think? I'm a young man, I take drugs and I get drunk. Of course I have. I'm not ashamed of my body."

"I am," says John.

"If I had a body like yours I'd be ashamed of it as well, John."

Someone else (thanks, John) gets the beers in, while Derek reveals what kind of people annoy him.

"The worst people are the people that phone you up and say 'Who's that?'. Who the fuck are you, you phoned me up, you cunt.

"When I first moved into my new flat, right, there was this girl that used to live there, and about twenty phone calls came in the space of an hour all looking for this girl. At the end of it, I got really annoyed and when another girl rang and said, 'Hi, is Moira there?', I said yeah, she is actually, but she can't speak at the moment. 'Why's that?' asked the girl, and I said 'because she's got my cock in her mouth'."

Is there anything else you want to say?

"Who put the cunt in Scunthorpe? That's what I want to know."

As our interview closes, Mark Jones – head honcho at Wall Of Sound Records – enters the pub just in time to miss the interview. I ask him if there's anything he wants to add to what Derek and John have told me already about the label that is suposedly at the cutting edge of dance music.

Mark confidently assures me, "These people are my spokesmen."

I'm glad you have trust in your artists, Mark. ♣

Chloe might look like butter wouldn't melt in her muff, but you didn't see her last night. "I was out of it!" moans the 20-year-old from Islington. "I'd been on the piss then went to this club and just went crazy.

"I was snogging everybody there! Big tongue jobs with the blokes – I had lipstick all over my

face. Then I wanted sex, with everyone! My pussy took over my whole body and I was grabbing cocks and dragging guys into the toilets! I wouldn't tell everyone this, but I knew you lot would understand!" ♣

Mud, Sweat and Tea

Like the 1960s, you shouldn't be able to remember Glastonbury if you were really there, man. *James T Bone* discovers a man who's been there, done it and made a film too...

For those of you who can't be bothered ever going to Glastonbury, or who don't even have the energy to switch on the gogglebox and watch it all on Channel 4, then next month you've got the chance to experience the sights and sounds – but thankfully not the smells – of Europe's biggest festival.

Glastonbury The Movie: Nature Is The DJ comes to a cinema screen near you on November 11th and follows the festival from 1985 right up to the present day.

Director Robin Mahoney and his team shot over 100 hours of footage and caught bands like The Verve, Porno for Pyros, Spiritualized and Lemonheads playing to the stinking masses. But this film isn't about famous pop stars; top billings go to Ryan The Cola Man, Sasha The Sushi Girl and Rik The Sitar Man, amongst others.

If you've ever been to Glastonbury you'll probably love every minute of this film. If, like me, the idea of spending three days in a bloody field with thousands of stoned people is about as appealing as sharing a steam bath with Bernard Manning, the film should convince you to stay away from the Glastonbury area forever. Either way, the film is definitely worth a look just to remind you how big the Glastonbury festival now is – the first one in 1970 attracted a mere 2,000 people while this year's attendance rose to over 100,000. Scary.

● With Public Enemy looking increasingly likely to split up any day, it's good to see that rap fans are being adequately catered for, mainly thanks to the efforts of New York's brilliant Wu Tang Clan.

The group released a stunning debut LP, *Enter The 36 Chambers*, last year but it's with their solo efforts that the nine-piece band are really making waves. Group members Method Man and Ol' Dirty Bastard have already made their mark, but the best yet is Raekwon's *Only Built 4 Cuban Linx*, released last month in this country. With the likes of Ice Cube, Ice T and Warren G looking increasingly jaded and churning out albums that merely repeat their previous efforts, it's good to see someone pushing forward the boundaries and coming up with something that is genuinely fresh. Do yourself a favour and buy a copy.

● If you've got £20 to spare, then you could do worse than to stick it on Oasis for a Christmas number one this year. Having listened to nothing but the new LP since it came out a few weeks ago, *Don't Look Back In Anger* sounds like a chart topper this Noël (geddit!). With Ladbrokes giving odds of 5-1, that should give me the cash to get plastered in the pub on December 25th. Don't disappoint, lads.

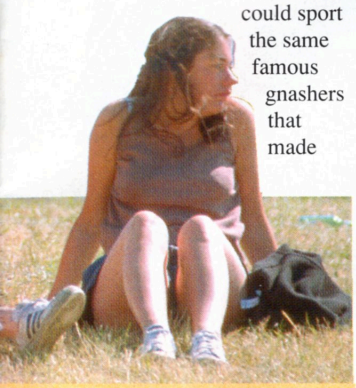
● Tribute bands are fairly common these days, but it's good to see that Patrick Myers – frontman of Queen soundalikes, Closet Queen – takes his work seriously. He's just forked out a wad of cash to get a gobful of Freddie Mercury's teeth!

Mr Myers went to the expense of having an exact impression of Freddie's teeth made so that he too could sport the same famous gnashers that made



Freddie look so cool. See the results for yourself when the band play the Brighton Dome on November 9th. Bizmilla!

● Finally, Nice Bloke of the Month Award goes to Yusuf Islam, the artist formerly known as Cat Stevens. The Editor of Club recently had the pleasure of meeting the man who gave it all up and converted to Islam back in the 1970s.

Whilst strolling in Regent's Park, our Rob was clearly gobsmacked when Yusuf approached him and then spent an hour in a nearby mosque talking to him about LIFE, and stuff. See ya later, folks...♣

Nuddy fox Ally is a real life cycle courier, and it was the sight of the 19-year-old's lovely lycra-clad bum bobbing around the streets of Birmingham that prompted one reader to write in requesting she slipped into her gear for us.

"Cycling all day has given me very firm thighs," claims Ally (short for Alexandra). "I have to take care in case I crush my bloke's balls! But the saddle rubbing against my

pussy all day does warm it up alright. By the time I get home, I'm dying for it. I jump off my bike onto my bloke and ride him even harder. His cock's a lot more comfy and he gets me there far quicker!" ♣

BLOOMIN' CHIC

Fashion and football have about as much in common as bicycles and fish, reckons *Maurice Short*, who this month investigates the hairstyles of certain soccer players...

There's only one thing that spreads quicker than rumours about Michael Barrymore's sex life, and that is fads amongst footballers. The minute a young football star effects some kind of change to his appearance, you can bet that within a week copycat cases will have sprung up in stadiums around the country. We have had the bubble perm explosion, the pony-tail stampede and last season a whole flock of goatees. This time around it's the bottle blonde crop. Gazza, of course, set the ball rolling, causing such a fad for home-done bleach jobs in Glasgow that the peroxide level in the Clyde rose to the point where it was peeling the paint off visiting oil tankers. Undoubtedly the finest example, however, was that which adorned the pate of Liverpool striker Robbie Fowler.

Robbie may have thought the new style made him resemble his ex-Take That namesake, but it made him look more like Lily Savage. This is due to one simple reason: Robbie, in the great Merseyside tradition of strikers like Ian Rush, David Fairclough and David Johnson, is no oil painting. Or at least not unless it's one of those ones by Picasso where the nose and the eyes are all in the wrong place.

Personally I blame the hairdresser for Robbie's predicament. Surely these people should offer some kind of counselling before allowing a young man to take such a drastic step. After all, Fowler could be traumatised by public reaction. In Robbie's case the advice should have been: "Try to draw attention away from your face, not towards it. Never mind blonde hair. Get yourself some pink boots and a pair of luminous socks". With this kind of approach one of the truly horrible sporting incidents of autumn could surely have been avoided.

● One craze that seems to have spread from football to other sports is that of Cantona-speak. Cantona's preferred insult is, allegedly, "May you be inhaled by your own arsehole". Sadly this has yet to catch on. However, only a few months after Eric the Red delivered his famous gulls-trawlers-sardines speech, 'Iron' Mike Tyson was following the stylish Frenchman's fashion lead.

Asked about his critics, he replied: "There are people out there who hide behind buses while you jump in the snow". Asked to explain, an expert in Cantona-ese, Professor Rimbaud Rubbish said: "The people hiding are the critics. The snow represents failure. The jump is the fall from a punch and the bus is a nuclear powered form of public transport capable of holding 48 paying customers with standing room for eight more".

Rumours that Nick Faldo answered questions about his golf swing with the words, "Just because a plumber gives you a bill doesn't mean you have to quack like a duck" are unsubstantiated.

● The World Greco-Roman Championships gets underway in Prague this month. Which should attract spectators like a magnet attracts fish. Because, as everyone knows, there is only one type of grappling that's worth watching, Cumberland & Westmoreland Wrestling.

This ancient sport, partaken of by any man inhabiting the sodden strip of land between Preston and the Scottish border who isn't fast enough to catch a sheep, is an inspiration. Especially to graphic artists – it's the only place outside superhero comics where you see men wearing underpants over their tights. The event is a great treat for anybody who likes to see two farmers in their long-johns hugging one another.

winner of each bout with loud cries of "Nice cross-buttock!" and the like from the beetroot-faced lasses at ringside. Best of all, after the bouts are completed the wrestlers line up to be judged in a 'Smartest Costume' competition by some fearsome old bat who runs the local abattoir. And woe betide anyone with a dirty vest!

● With our cricketers preparing to play in South Africa for the first time in 27 years I thought it was time to offer a morale boost by announcing the winner of the game's most prestigious award, The Bernard Reidy Memorial Hair Brush for the county player with the most memorable barnet.

A strong contender this year was Graham Gooch, mainly for having a hairstyle at all after many years of doing without. Some people have been unkind about Graham's thatch job, but I say: what's the life of one Yorkshire terrier compared to the happiness of England's former captain?

In the end though, the winner was Warwickshire batsman Trevor Penney with his *Heroes*-period David Bowie blonde wedge. Penney and his hairstyle are one of the great sights of cricket. They transport the watcher back to the days of satin jackets with the sleeves pushed up, leather ties and the music of Japan. The prospect that Penney might one day team up with South African team-mate, Alan Donald (the paceman with the Adam Ant make-up) to form some kind of New Romantic tribute band is mouthwatering.

● US boxing promoter Don King talks so fast and so much he makes football agent Eric Hall seem like a Trappist monk. King also has a reputation for giving fighters a harder time than any opponent they meet in the ring. Peter McNeeley, the great white dope who engaged in a blink-and-you-missed-it bout with Mike Tyson in August boasted that he was getting $400,000 for the fight. This prompted one fighter to comment: "If he gets $400,000 out of Don King it'll be a bigger shock than if he knocks out Tyson". ♣

CLUB ILLEGAL

"We sit at stations for hours on end waiting for our train to come in so we can get daylight photographs of the pieces we did the night before. And we'll sit there all night looking at a trainyard clocking it out before we paint it. We do spot trains - but for a completely different reason to train spotters."

Ienz is 25 years old. He isn't really called Ienz, but since the British Transport Police are after him I'll refer to him in this article by his tag (graffiti moniker), Ienz.

Originally getting involved in graffiti during the mid-80s Hip Hop explosion, Ienz started painting because he couldn't rap or breakdance. Now ten years later, with a child, mortgage and a job at a bank, Ienz risks (if caught and convicted) the threat of prison, heavy fines and losing his job every time he paints.

Come on down so-called dangerous artist, Damien Hirst, with your big house, pop star mates and well-kept lawn.

"The only thing they risk is their next pay packet," says Ienz. "Graffiti writers have died doing a train. A friend of a friend was doing old cars in Neasden and they got raided by the Old Bill. The Old Bill chased them and they all legged it down the tracks and tried to climb up this embankment, slipped and fell on the third rail. He was electrocuted."

The third rail provides the current that drives the train.

The art that Ienz practises is graffiti and true to his art's definition is always illegal.

"Legal graffiti is not graffiti," insists Ienz. "There is graffiti and there is aerosol art. All these people who paint walls and paint at graffiti exhibitions are not doing graffiti, they're doing aerosol art. That's something different although they take their style from graffiti.

"From an art point of view, if you look at artists today compared to artists of old, the artists now are famous and making money in their own lifetime – so they obviously do art to make money, it's a job.

"Van Gogh and all those other people years ago, they did art because they loved art – they weren't interested in making money. That's exactly how I feel."

It's Saturday night and along with Ienz's long-time graffiti mate Flowers and their respective girlfriends, Bobby and Emma, we've gatecrashed a Japanese bird's room at a posh hotel and we're drinking all the booze.

Taking a drag from a dirty spliff, Ienz elaborates.

"Any bastard can paint a canvas, all you have to do is be reasonable at art," he says. "To paint a train you have to be dedicated to the cause and really want to do it because you're risking your house, your life, going to prison – all these things just to paint a train."

How do you actually go about painting a train?

"We'll hear of a yard that we'd like to paint. It suits our needs, like there's platforms so you can do whole carriages easily without taking ladders. You'll go there about 11 o'clock as the trains are dying down. You'll walk around the yard, find out how to get in, find out where the cool bit is to paint and basically spend the whole night there. You'll be there from eleven till six in the morning painting the train.

"When I put my piece of graffiti on a train, that train turns into my train as long as that piece is on it. When I'm standing at Edgware Road

waiting to get photographs as the train pulls in – it's my train."

A full colour piece of work on the side of a carriage can use over thirty cans of paint, with the cost of a good quality can of paint at a tenner. Add to that the fact that the piece of work will only last for a few days (trains are cleaned immediately) and it doesn't take a genius to work out that graffiti art obviously isn't done for money. Unlike Damien Hirst and his fucking pickled sheep. How do you afford the paint?

"I steal it. There's no way I would ever buy a can of paint to do graffiti. Always have, always will.

"The best time to nick stuff is in winter when everybody is wearing jackets. Pop the lid off, make sure there isn't a security tag and put it in your pocket. It's a doddle."

Since graffiti has been strong in this country for over ten years, many shops that stock paint are continually improving their security to combat the amount of paint that graffiti artists are collectively trying to steal. As the popular shops try to clamp down, many determined artists drive around the entire country spreading out their raids so that they can get the amount of paint they need to work.

"Every now and again I'll take two weeks off work and travel to Germany on the coach," says Ienz. "On foot in a week, if there's a couple of you, you can get four hundred cans between you. Come back to London, drop them off and go back to Germany and repeat the process. Germany has the best paint in the world."

During the late 80s and early 90s, 'train jams' or 'train parties' were an exciting and much talked about fixture on the London graffiti scene. Originally organised by music-loving graffiti artists before they went to clubs later that night, a group of twenty or thirty people would meet outside a pre-designated station on the Circle Line.

"Everyone would go down, jump over the barriers, no one pays. Get on the Circle Line, ride a few stops until the people in your carriage fucked off. Smash out the lights, and as soon as that happens everyone goes mad and starts bashing the shit out of the carriage, windows and roof. You bash one carriage, everyone runs through to the next carriage and does the same there."

The twenty or thirty people soon swelled to over sixty people. Armed with huge stereos, spliff, beer and an endless artillery of paint and marker pens, the train jams on London's Circle Line quickly became notorious. And in the eyes of the police, spivs and the establishment, a riot.

"Once we went around the Circle Line – it was sweet. All of a sudden we're pulling into Great Portland Street station and everyone is going fucking mad. We get to the Barbican and get off, and this guy that we're with has got the keys to the PA system at the station. He holds his stereo up the microphone and plays *Fuck The Police* by NWA through the whole system!"

At the start of the 90s, in reaction to the IRA's increased presence in the capital, security and surveillance on the Underground upped ten-fold. This marked the end of the train jams, since British Transport Police could easily spot sixty people trying to gather inconspicuously on a platform.

Ienz recalls his last mad-head train jam.

"The train stopped in the tunnel and stayed there for nearly half-an-hour. We knew we were getting raided, so everyone threw their paint out of the window and dispersed throughout the whole train. We all sat down and tried to look normal. We pull into South Kensington station and the whole platform is lined with Old Bill. There were no doors open except for one at the front and the Old Bill came through and started dragging everyone off who looked like a graffiti writer.

"All of the writers dressed like writers – baggy jeans, shell toes, lumberjack shirts but I took the liberty of wearing a suit. So as we get raided, I pull a book out of my pocket and sit down. There's no way I dress like a graffiti writer. It makes sense, it gets the job done."

In 1995, Ienz is low-key and has a small circle of friends that share his burning enthusiasm for the art. His main influences that affect his work's content and style are music (he loves Oasis), fashion (he loves Vivienne Westwood) and films (he loves *Star Wars*). He's also got a girlfriend, a kid and a job – three things that most of the ginger-haired upstarts that think they're "stoopid, fresh and dope" usually haven't got.

"I've got this thing," says Ienz. "Don't do the crime unless you're prepared to pay the price for doing it. I wouldn't do an armed blag because I'm not prepared to do a five-year stretch, whereas I'm prepared to go to prison for doing graffiti because I love it. I've been doing graffiti for ten years. If I got nicked, the most I would get is six months – and I'd probably only do three months. That's like just over a week for every year I've been enjoying myself."

Ienz's girlfriend, Bobby – now really drunk – interjects. "Lovers that have a bit of an edge are better than lovers who just think they're good together in bed." ♣

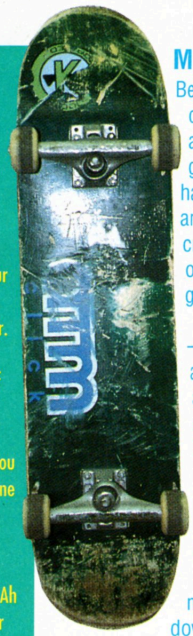
Max, Club Staff Writer: MGB GT Ah... an MG. The very words conjure up images of country lanes on winter mornings, crouched behind the huge wheel in old leather seats, pipe clenched between your teeth as you grapple with tight, leafy corners as the throaty engine roars its way into a chill, sweetheart by your side, staring at you in wonder as Vera Lynn warbles on the wireless...

Yes, well if you fell for all that bollocks you're as stupid as me. Four months I have had my 1967 MGB GT. After four hours I realised that if this is classic British motoring then I'm Isla St Clair. I have never, *ever*, in all my 31 years owned a more irritating piece of overrated shite as an MG. It leaks, it breaks down, the windows don't wind down, it won't start, it won't even *stop*, you can't fit anything on the back seat and no-one wants to sit in the front one. Planning a Grand Tour? I'm telling you now you'll be better off hopping.

Now, normally, after a moan like this classic car owners (wankers) pat you on the shoulder and go misty-eyed, and say, "Ah yes, my lad, but an MG! Says something about you a modern car never could." Yes. You're a stupid cunt with a balloon for a brain. (P.S. *The author would like to point out that his MG is still for sale. Contact Club for details.)*



Matt Moore, Writer: skateboard

Being just a writer, obviously I can't afford a car. I bought this skateboard six months ago off a mate for thirty quid. Ever since I got my first skateboard ten years ago I haven't stopped paying for it in both blood and humilation as I get stuck in another crack in the pavement and leggy birds step over my tangled body to get into some geezer's 3-series BMW.

There's nothing good about skateboards – apart from the fact that they're still sexually attractive to German student birds, but at 25, I want a classy girl, not a kraut. If I really wanted to wear the blasted clothes I'd buy the clothes; if I really wanted high speed action thrills I'd go skydiving and snort more drugs and if I wanted to go somewhere I'd rather drive a BMW, but because I'm skint I've got a skateboard.

The only merit left for skateboards and me in 1995 is that I can still go rattling down the decent pavements out of control, scaring posh birds who won't look at me, shopping for food and clothes I can't afford. Until I fall off. Again.

Editor: BMW 318is Being the editor, obviously I have to have the best car. Bought three years ago from an authorised dealer in London, I'm still paying for it now. A dream to drive and a top fanny magnet, my Beemer sits outside my flat in the West End serving as a valuable source of spare parts for my thieving neighbours and any other passer-by who feels like he needs some hub caps and a spoiler. I came out one morning recently to find that someone had very kindly driven into the front right wheel arch, causing £500 worth of damage. Funnily enough they didn't leave their name and address so the cost of repair had to come out of my pocket.

With a theoretical top speed of 120mph but an unsolveable speed wobble at 102mph, the car would take a braver driver than me to take it to its limits. Anyway, the insurance is so high I can't often afford the petrol to leave London and find a motorway. This particular model of BMW also seems to have a propensity to 'lose it' on any corner more acute than a ruler. Though that could have something to do with those Telly Savalas tyres I bought off a mate...

The interior is covered in crisp packets, cans, tapes, paper and mags left by generous passengers. The back seat is peppered with hot-rock holes from my dopey mates, which will no doubt add to the value of my car when I come to sell it. There was even a half-empty box of Tampax in the glove compartment for about six months that an ex-girlfriend left there in case of emergencies. Nice! Birds love it though.

As we couldn't really care less about the latest Porsche, basically cos we can't afford one, Club takes a look at how our long-suffering staff get around town

Richard, Production Editor: tricylcle

When my other half spotted the bike that you can see pictured, she triumphantly told me, "I've found a bike with your name written all over it, Rich."

"What, a Chopper?" I asked stupidly.

"No, a Raleigh Little Winkie."

Okay, so it looks stupid, and it has three wheels, and it doesn't go any faster than 8mph, but it's individual, right? Let's face it, you aren't going to see anyone else riding around town with a Little Winkie – unless they're wearing lycra cycling shorts and it's a very cold day. Heads turn, people stare, and yes, they laugh too. But they're laughing with me, not at me. You can keep your Muddy Foxes, Shimanos and Marins, I'm sticking with what I've got and nobody's going to get their hands on my Little Winkie... *(No change there then, Rich – The Ed.)*

Nic, Club Personal Assistant: Morris Minor Although my Morris looks old it's actually quite new due to the fact that it has a new engine, radiator, clutch, brakes, carpets, seats and a respray, oh and also a new wing (the result of someone driving into the car when it was parked – I was trying to get a glimpse of Kylie at a Radio 1 Road Show!).

Amazingly enough my Morris Minor does actually do very well on the scoring front especially when I'm on the motorway. I must have met every RAC man between London, Devon and Leeds as it's always breaking down! I have spent many a long journey sat in the cab of a tow truck trying to chat up some poor unsuspecting male. As well as meeting all these men it also saves me a lot of money on petrol (although this is probably cancelled out by the cost of the repairs).

My car runs very well at 65mph but as soon as I put my foot down the gear lever starts shaking violently. To conquer this I have to drive with my knee pushed up against it. This results in a bad dead-leg which isn't too useful when I need to use the clutch.

The interior of the car is really nice and for some reason however much my friends and I smoke in it, it always has the same leathery smell.

The best thing about my car is that my daddy loves it. This is very handy as when I go home to Devon, Daddy washes and waxes it for me, he also fills it up with petrol too. That's because I'm Daddy's favourite daughter.

Mark, Club Special Correspondent: BMW 520

Only two words of advice for anyone considering buying a BMW. Do it. But don't go with the flow and buy a new one (no-one is impressed; owning one of them is like saying you're a hairdresser), instead look around a bit and buy a huge tank of a 520 from the late 70s when they were still handbuilt in Dusseldorf by highly skilled, silver-haired craftsmen in Leiderhosen who used to be rocket scientists in the War.

Why? Because these beauties have every bit of the luxury of a newy (power steering, central locking, electric sunroof, windows, aerial, wing mirrors etc.) but are a fifth of the price and have the added benefit of making you look like you're a baddy from *The Sweeney*. Perfect.

My Beemer is huge. I've been in smaller houses. It might be so big I can't go round corners and have to plan every route along old Roman roads, and it may drink a gallon of petrol just using the cigarette lighter, but for God's sake! It has green velour trim! A glovebox with plastic wood effect stripes! Room in the back for two of you to hang your clothes up, shag, have a kip and develop agoraphobia!

I bought some huge brown shades and short-sleeved nylon shirts and now spend my days waving at reps with my arm out listening to Classic Melody FM. Fucking bliss. And Frank Bough used to have one. Also, it's such a monster no-one can be arsed to nick it and at junctions everybody gets out of your way as they think you obviously can't give a fuck about your motor because you've just bought *that*!

Art Director Rod Edwards, No 38 bus

You see I don't actually own a motor. Mainly because I don't earn as much as those flash bastard editors. No, it's Public Transport for me. The beauty of London Transport is that for the enviable cost of £53 per month you get a choice of bus (choose any one of the three that arrive at once), you can have any colour you like so long as it's red, you can get all your mates in the back. You also get a choice of routes (eg. No 53) – very handy as I'm usually so pissed I never know which part of town I'll end up in (God, I hate sleeping rough). Let's face it, if I had a car I'd get caught D and D all the time. By bus there's no fines, no points on your licence, no tax, no M.O.T. etc. Anyway, being a good ol' Sarf London lad, if I really need a motor I just hot wire the nearest Beemer.

Being a bus boy also means I'm doing my bit for the envrionment because when the bastard 38 shoots past my stop I usually end up walking all the way home anyway. And as for impressing the birds, sorry darling gotta trot down to Trafalgar Square to catch the night bus. Doesn't really impress anyone. And the freaks you get on them for chrissakes! Having said that, in my state I'm usually regarded as one of the freaks and avoided at all costs even by mad skinheads. Perhaps the worst thing about going by bus, other than the obvious diesel penis problems, is the time it takes to get you home – especially when you're dying for a piss. Cos even if you remember to have a slash before you start your journey, by the time I've crossed the river I'm bustin' again and there are still five miles to go. See buses never ever take the shortest route home.

Oh fuck it....

TAXI!!

Stephen Bleach, Publisher: Peugeot 205 1.6GTi

When new, this F-reg boy racer screamed around the streets of central London, taking corners at 50 and burning Ferraris off at the lights. By the time it was sold on for the use of our publisher, it was completely fucked.

"I keep it nice and dirty so it won't get nicked," he says, displaying the car proudly parked on the street outside his local crack den. With the suspension severely altered by Islington Council potholes, driving demands both skill and nerve. "You never know just how many wheels you'll have on the ground at any one time," he laughs. "Still, with the tyres as they are, it doesn't matter much."

The original 1.6litre capacity has been reduced to 1.4 by accumulated tar and burnt engine oil. As a result the engine does 150 decibels at 70 mph and develops 1.86 lbs of thrust (that's more or less the same as a bag of sugar).

Our publisher chose to retain the buggered Pioneer stereo system "because I don't know how to change it", though for tapes he prefers to use an old Sony portable which slides around the back seat at every corner.

Other extras he has added to personalise the vehicle include two used condoms and a Wendy "2 for 1" hamburger leaflet for the back seat, a broken kite for the boot, half a bottle of vodka for the glove compartment, and large quantities of mud.

"It's the ideal car for the occasional urban user," he says. "It's not worth enough to nick, and it sounds okay when girls ask you what you drive. For transport, though, I prefer the number 19 bus, which is quicker and more reliable."

Maurice Short, Sports Correspondent: burnt out Metro

As a man with a well known admiration for flair sportsmen such as Glen Hoddle and David Gower, it's not surprising that I used to drive a Vauxhall Cavalier. It was good, reliable car and there's nothing that gave greater pleasure than joining all my fellow Cavalier drivers in hogging the overtaking lane all the way up the M1 with George Benson blasting out of the CD player and my latest snazzy jacket from Top Man hanging over one of the rear windows, before cutting across the rest of the traffic in a manner likely to cause a major pile-up and popping into a Little Chef for a burger with cottage cheese on top. The only really disappointing thing with the Cavalier is that General Motors didn't carry on with the Civil War theme and launch a Vauxhall Roundhead. I imaging this wouldn't go above fifty, have no stereo and wooden seats. Not my ideal sort of car, but I bet Leeds' boss Howard Wilkinson would own three.

As you probably noticed I put the stuff about my Cavalier in the past tense because I exchanged it for a similarly crap car, a Metro. And now the Metro must also be referred to in the past tense too. That's because I attended a night match at Saint James' in Newcastle last month and when I came out it was missing. A couple of days later I got what is, I believe, the classic call from Geordie Plod: "We've got some good news and some bad news, Mr Short, pet. The good news is that we've found your car in Benwell. The bad news is that the fire brigade are just putting it out." What kind of a sick world are we living in, eh?

WOMEN'S WRITES

Where the girls get down to business

BIG BOSS!

I work as an assistant to the Finance Director of a company in Colchester and I've just come back from a four-day conference in Scotland. I didn't get much work done and I think I may have disgraced myself with my boss, but what a great time I had doing it!

I thought I knew Jerry pretty well, as we've worked together for three or four years, but I discovered a few things about him during the last week – like the fact that he's got the most enormous prick I've ever seen!

I'd never been away on business with Jerry before, but he's been loads of times. We arrived there on Friday and spent the afternoon getting involved in some complicated technical stuff, which I found very boring. Jerry seemed to be feeling the same, 'cos he spent most of the meeting eyeing me up across the room. I have to admit that I was a bit surprised. Jerry's married and he's always been scrupulously professional in the office. However I was enjoying the attention, mainly because Jerry is a very charming, good-looking guy and I couldn't resist crossing and uncrossing my legs, making sure that he could see the tops of my stockings.

He started to bang away at my beaver

By the end of the afternoon session, my pussy was positively aching and it took all my willpower not to head straight back to my hotel room and frig myself stupid. Instead, everyone went to the restaurant for dinner, although I couldn't see any sign of Jerry.

After the meal we all retired to the bar, where plenty of wine was drunk. I got talking to one of the executives, Andy, who I'd met that afternoon. He was the same age as me, 22, and it became obvious that he was trying to pick me up.

"Let's go for a walk," he said, adding a wink. I had to admire his forthrightness and I could feel my cunt moistening with anticipation. We slipped out of the bar and left through a back door of the hotel and started walking along a winding gravel path. Neither of us were sure where it would lead – but I knew what was going to happen when we got there!

Sure enough, just as soon as we were out of sight of the hotel I dragged Andy off the path and started kissing him. I reached down and unzipped his flies, wrapping my fingers around his cock and began wanking him off. I don't think Andy could believe his luck: he had a horny little slut on his hands and at the moment all I wanted was to feel his dick pumping in and out of me .

"I want you to fuck me," I told him, easing my knickers to one side and pulling him close. I put my arms around his shoulders and lifted myself off the ground, wrapping my legs around his back and then dropping down onto his dick. Andy had no trouble supporting my weight and I felt his cock nudging at my pussy lips.

The sheer thrill of fucking outside was incredible and as Andy started to bang away at my beaver, I started to pant heavily.

Andy worked his cock inside me, ramming his meat deep inside me and then... suddenly we were bathed in light! It was so bright that I couldn't see where it was coming from. As my eyes adjusted, I could make out Jerry standing right in front of us. Andy slid his dick out of me and we both attempted to straighten our clothes.

Without uttering a word, Jerry turned and headed back towards the hotel.

By the time Andy and I returned, we were panicking. What if Jerry had told the rest of the party what had happened? I enquired if anyone had seen Jerry and was told he had gone to bed.

I walked up towards his room and knocked on the door. I didn't know if Jerry was annoyed or turned on by what he had seen, but I had to find out. I pushed the door open and strode in. Sure enough, Jerry was there. He was lying on the bed with his

trousers around his ankles and was sporting the biggest prick I'd ever seen. He was wanking furiously.

I guessed that he must have been thinking about what he had just seen. I seized the opportunity. Shutting the door behind me, I eased my skirt down to my ankles, took my knickers off and walked towards him on the bed. Fixing him with a sexy stare, I straddled his cock and started to feed his length into my pussy. His cock was so long, I didn't think I could take it all in but as I moved up and down slowly, I managed to do it.

Jerry took me by the hips and started to pump up inside me, and in a matter of minutes I could feel myself coming. He was obviously an experienced lover, holding his orgasm back until I came at least three times. It was a great fuck, although I have to admit that I was just as interested in seeing that magnificent cock close up.

I climbed off and kissed my way over his stomach until I was lying between his legs, marvelling at his thick cock. Wrapping my lips around the bulbous head, I started to take as much down my throat as possible. Jerry started fucking my mouth and I tugged at his balls until I felt my cheeks swell as he shot his load down my throat. There was so much spunk that it dribbled out of the corners of my mouth, although I didn't waste a drop, eagerly scooping it up with my fingers.

I finally left Jerry's room at about four in the morning, having been fucked in just about every position I could possibly imagine.

The next morning at breakfast, Jerry, Andy and I acted as though nothing had happened, and even now that we've been back in the office for three or four days the whole affair has never been mentioned.

However, there's another conference planned for next month and Jerry has said he would greatly appreciate my 'expertise and experience'. I'll let you all know what happens! – *Marcia, Colchester*

PYJAMA PARTY

My name is Susan, I'm a 19-year-old college student and would love to tell your readers about my lesbian relationship with Katie, my classmate. I love fucking men and never thought I would be interested in my own sex, that is, not until earlier this year when Katie came to stay for the weekend.

My parents had gone away on holiday and it seemed like the ideal opportunity for a girlie night in. You know the kind of thing, we all sit

around in our pyjamas, watch videos, eat ice cream and talk about all the men we'd like to shag.

Katie told me that seeing as it was my house we were staying at, she would organise the whole thing. This seemed like a fair deal and soon the weekend came, my parents left, and I got into my pyjamas eagerly awaiting the evening's fun.

It wasn't long before I heard the doorbell ringing. It was Katie. She was standing by herself with a handful of videos. "Where are the others?" I asked.

"Oh, they couldn't make it," she said cheerfully as she strutted into the living room in a short, black mini-skirt and tight white top.

"Where are your pyjamas?" I asked her.

"Oh Susan," she groaned sarcastically. "Pyjamas are for kids. I sleep in the nude."

She then proceeded to strip, removing everything but a very sexy white push-up bra, which seemed to be doing its best to restrain Katie's ample breasts. It had to be said – she was a fine figure of a girl; slim yet curvaceous with blonde hair. Her eyes darted over my slender young body, her lips pouting hungrily. I felt as if my pyjamas weren't even there – as if she could see right through them.

My body began to shiver with excitement and it was all I could do to stop my eyes from straying towards her well-trimmed pussy. Snapping myself out of these unsettling feelings, I grabbed the towel from the bathroom and asked Katie to cover herself up. "Why?" she giggled. "It's not as if you haven't seen it all before..."

It was no use arguing with her, so I decided to change the subject. "What videos did you get?" I asked.

"I think you're going to like this," she said, pushing a tape into the machine and sitting down next to me.

My eyes widened with shock as I realised it was blue movie! Not only that, but it was a lesbian one! Two girls were licking each other out and my eyes widened in amazement.

Once again I could feel a tingling sensation all over my body and I blushed as I felt my nipples begin to harden. I have quite big breasts for someone so slim, and they began to heave rhythmically. Out of the corner of my eye I could see Katie freeing her own large, firm bust, her small pink buds revealed to me for the first time.

Then, without warning, she leant back her head, spread her legs and slipped two of her fingers deep inside her pussy. Shocked beyond belief, my own pussy aching, I watched Katie as she started to frig herself off. Once again she looked at me with that dreamy, slutty look in her eyes. I looked away, and she stopped.

Her expert lips nibbled and sucked on my swollen clit

"You really should learn to relax," she said firmly. "Why don't I help you out of those silly pyjamas?" She knelt down before me and slowly undid my buttons. Then parting the material she revealed my milky white boobs. I wanted her to suck my nipples; but I was still trying to resist my new-found lesbian tendencies. "W-w-w-what are you doing?" I stuttered.

"You know exactly what I'm doing," she whispered, pulling my pyjama bottoms from under me.

"Susan, you're far too square, now open your legs," she instructed me, running the tips of her fingers along my thighs, ever so slowly prising my legs apart to reveal my wet cunt, my cunt lips open and willing. She moved closer, her breath exciting my throbbing gash.

Unable to stop myself, my legs widened as I slid closer to the edge of the sofa nearer to Katie's mouth. "Ooooh, yes!" I whimpered as she sunk her tongue into me. My last ounce of fight was banished by her expert lips as they sucked and nibbled on my swollen clit. Her mouth and chin were soon soaked in my love juices. Relishing in this lesbian licking, I came in seconds.

She lifted her head and moving up the sofa towards me, grabbed the back of my head kissing me full on the lips, giving me my first taste of my own wetness. Gently, she pushed a finger into my hairy mound and began to tease and suck at my nipples. I was in heaven as I lay there, whining with joy.

Coming yet again, I groaned loudly begging her for more. "Oh no you don't," she said. "What about me? My pussy needs licking!"

I let her direct me into position as she wished. My slender body stretched out on the sofa, my dark green eyes gazing upwards. She squatted above me, giving me a great view of her snatch and shapely arse.

Steadily she lowered herself, letting out a sigh of satisfaction as my tongue nuzzled its way in between her lips. "Oooh, Susan, that's what I call a real friend," she murmured. "You're a horny slut!" She was right and I didn't care. All I wanted was for her to finish what she had started and I pulled her down towards my own clit. She soon came and I revelled in pure ecstasy as Katie's love nectar trickled down my face. We continued like this for what must have been hours before retiring to my room for a night's sleep.

Katie and I are now what you would call an 'item', although we often get off with some of the guys from our college when we feel the urge for some cock. It transpired that Katie never did invite anyone else to our pyjama party. As she later confessed, "I only did it to get into your pyjamas!" – *Susan, Wetherby*

HOLIDAY BLUES

Playing away from home

WATER BABE

I've been buying Club for around three years now, since an ex-boyfriend introduced me to it, and I'm constantly amazed at the number of women who write in with sexy stories. Some of them are so explicit, that they almost have me blushing! I really thought that I was the only girl who had naughty fantasies, but your magazine has certainly proved otherwise.

As far as sex goes, I have to confess that anything goes! I wouldn't describe myself as a lesbian, although I've certainly dabbled, and I do enjoy a long session with my vibrator when I eagerly flick through the pages of each new issue. I especially love to see big-boobed women in Club, and the thought of burying my head in a mass of warm flesh has me coming in no time at all.

I never dreamt that I'd be writing into Club, but the sexy experiences I had whilst on holiday earlier this year have certainly changed that...

I decided to break with tradition this year, and instead of heading off to Spain with the girls I settled on a week's break in Egypt. There's a watersports centre on the coast of the Red Sea and I headed there towards the end of October when the weather was still lovely and warm. There was plenty to do there: sailing, scuba diving and windsurfing.

I manage to keep myself in pretty good shape as it is, and pride myself on having a firm 36-24-34 figure that never fails to attract men. Of course, having long blonde hair helps too. I spent most of the time parading around in a tight-fitting swimsuit, whether I was going into the water or not! I must admit I looked pretty good and after a couple of days I had the beginnings of a deep tan.

As I only had seven days away, I wrote out an itinerary that meant all of my days were planned ahead with lots of sporty activities during the day and drinking and partying at night. The other residents in the hotel complex where I was staying were all pretty young and were as keen on sports as I was, so there was plenty of fit bodies on display. It didn't take long before I got talking to a couple of girls of my own age, Jackie and Joanne, who were from Canada and were there with their boyfriends Alan and Mark.

The girls invited me to join them that evening for a drink, and the vibe that I was getting from the whole group seemed to be that they were into having serious fun. When I arrived at the hotel bar, I squeezed myself between Jackie and Joanne on a small sofa and I must admit to a frission of excitement as I felt their fit bodies pressed hard against mine. Both girls were incredibly good looking too, with long dark hair. As I got to know them better over the course of the next few evenings, I'd find myself fantasising about easing my hand inside Joanne's bikini, or getting to grips with Jackie on the luxurious white sands. Being on holiday in a hot place always makes me feel very sexy and after three or four days spending time with the four of them, I was in state of almost permanent arousal.

He prised her bum cheeks apart and eased his cock into her tight cunt from behind

The fifth day that I was there also happened to be one of the hottest, and I didn't really feel like doing too much strenuous exercise so instead I took a sailboard out on the water and headed half a mile out onto a large landing platform. There was nobody else around, so it felt perfectly natural to strip off my costume and lie naked, soaking up the sun. As I lay there, with sexy thoughts racing through my mind, I began to feel my nipples throbbing and a delicious

feeling spreading throughout my entire body. I gradually became more and more turned on until I felt like I was going to explode, and I couldn't resist easing a finger between my fleshy lips and frigging myself. I closed my eyes as I let my fingers explore my pussy and moaned softly at the pleasure I was giving myself.

I was so completely absorbed in what I was doing that I didn't hear the splashing sounds in the water until it was too late, and when I opened my eyes I was confronted with the sight of Joanne, Jackie, Alan and Mark in a small dinghy!

"It looks like we were right," she giggled, "she is playing with herself!"

I'd been caught red-handed, naked, with my fingers buried in my pussy and my back arched as I orgasmed intensely. I quickly pulled my fingers out of my cunt, and the other four could clearly see that they were coated in my sticky juices.

Alan and Mark climbed out of the dinghy and sat down next to me, their eyes taking in every inch of my naked flesh, as Joanne and Jackie kneeled on either side of me. Without uttering a single word, both girls started to gently stroke me, their nimble fingers working over my skin.

It felt deliciously dirty to be the centre of so much attention from two gorgeous girls, and the fact that there were two blokes there watching made me feel even more turned on. My nipples ached so much, but Joanne soothed them as she bent down and took one of them into her mouth, teasing it with her teeth as her hand slid down towards my pussy and she eased two fingers inside me.

I couldn't resist easing a finger between my fleshy lips and frigging myself

"I love to watch you with another woman," breathed Alan. "It's such a turn on – and Patricia looks to be enjoying it too."

I certainly was! I was sure I was about to come at any moment as I've always orgasmed easily and the constant attention from two females was intense. My whole body was tingling and my pussy ached deliciously.

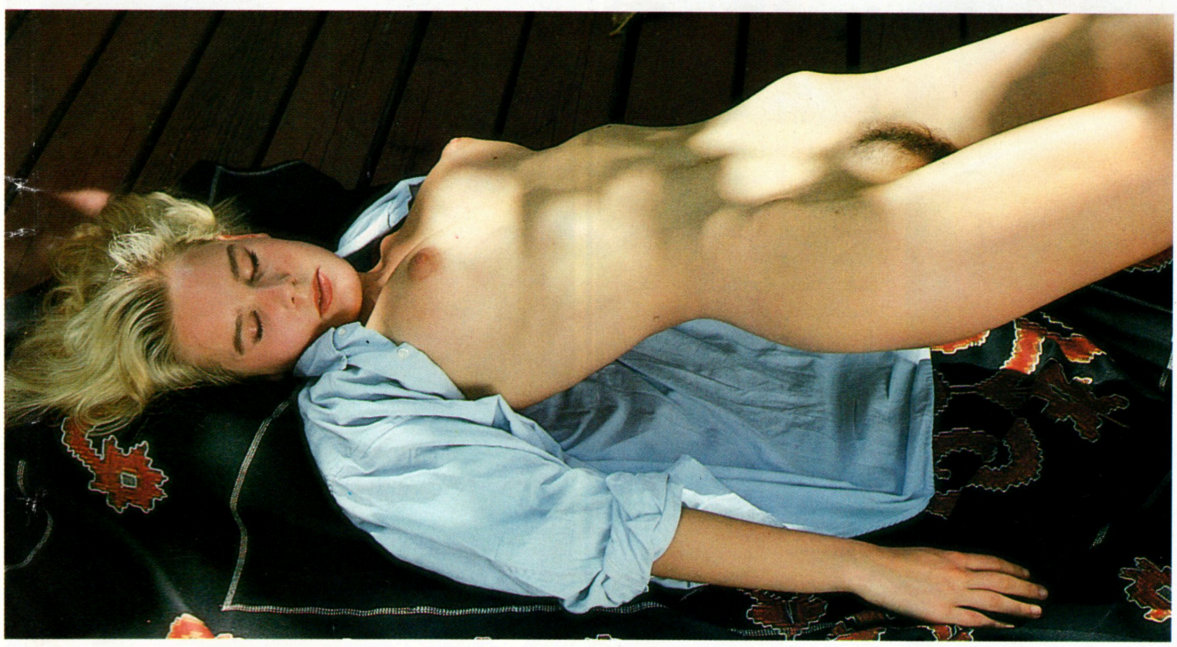
Alan and Mark weren't to be left out either. They held me around the ankles, stroking and licking at the sensitive skin there as their girlfriends tended to my boobs. Then they moved down and began to suck my toes. I've always had a thing about getting my toes sucked, and Mark in particular seemed to like ministering to my every need, playing his wet tongue over every toe in turn. That was what made me come for the very first time, and I bucked wildly as an orgasm tore right through my body.

Mark and his friend then kissed their way up my thighs, and then paused at my pussy. "Lick me, fuck me – one of you!" I pleaded.

"We want to watch the girls working at your cunt," Alan told me. I had my eyes closed tightly to enjoy the rippling climax that I felt sure was to come, and I heard the scuffling noises as the guys moved out of the way – and felt the relief when I felt two tongues pushing my cunt lips apart. I automatically lifted my bum up, and opened my eyes and watched as two heads bobbed around in front of my blonde cunt.

Joanne and Jackie had obviously done this before, judging by the way their tongues were moving from side to side in unison. Sometimes they broke off from licking to kiss each other and it was the most erotic experience that I've ever had. Not surprisingly, I had the most satisfying and intense orgasm I've ever had in my life.

I opened my eyes to see the most amazing fuckfest going on right in front of me. Joanne's bum cheeks were



being fondled by her boyfriend Alan, then he slowly prised them apart as he eased his cock into her cunt from behind. Meanwhile Jackie's boyfriend was already inside her, pumping his meat vigorously into her up-tilted cunt. Both girls' faces were a delight, their eyes screwed tightly shut with pleasure as they fought to prolong their enjoyment. The harder they held out, the more powerful their climaxes where when they finally came.

I was well away by now, my body shaking with the force of all the juices which were flowing through me. I didn't think it was possible to feel this turned on, but the sight of two girls getting

royally porked before me induced another orgasm that tore through my body.

Eventually, the two women couldn't keep on eating me out and getting fucked so hard at the same time – it's just impossible! They just lay their heads on my stomach and inhaled my cunt juices as Alan and Mark braced themselves to unload their balls into the sheaths that surrounded them.

The first to succumb was Mark, who pulled out of Jackie's cunt quickly, and then unloaded a torrent of spunk onto her bum and back. She was panting loudly as the hot jets covered her tanned skin, and she put her arm around her friend just as Alan came his load deep into Joanne's cunt a few moments later. And I'd seen it all – I'd thought scenes like this only happened in blue films!

I assumed that this was the end of the encounter, but I was wrong. Having been fucked thoroughly by her boyfriend, Joanne now wanted to see what he'd look like fucking me!

She grabbed hold of his cock as soon as he'd pulled out of her and went down on her knees in front of him, gently kneading the shaft with her hands and using her tongue to further turn him on. It took several minutes for him to become hard again, but I just lay there and licked my lips in anticipation. He was uncircumcised, so his foreskin was just being pulled back and forward, back and forward. I watched the movement, feeling the juices rise inside me again...

When he was finally hard enough, the two girls supported me from behind so that Alan could lift my legs right up onto his shoulders and really penetrate me deeply. They stroked my head and face and breasts as he pummelled into me. I clasped my feet behind his neck and just howled my way to my biggest orgasm of the day, the sweat breaking out between my boobs and my cunt now gushing with both my own juices and the come that Alan started unleashing inside me.

It was a good job that no one saw us there on that landing platform, because we were right out in the open, but we escaped without any interest from prying eyes.

I felt two tongues pushing my cunt lips apart

And you might be wondering where it all led from there. Well, as you can guess, the rest of the holiday was spent with minimum time on watersports and maximum time on bedroom sports! And as you read this, I'll be spending my Christmas holiday in Ontario with both couples, and I know for a fact what I'll be getting for my Christmas present! – *Patricia, Leicester*

COUPLES CONFESS

Share and share alike

COCK 'N' ROLL

I come into contact with a lot of musicians in my line of work and if you think that the heady days of sex, drugs and rock 'n' roll are a thing of the past, then you'd better think again!

My name is Diana and I work as a receptionist and a general aide at a huge residential recording studio in the country.

Four months ago we had a very famous band come in to record, and they turned out to be the wildest visitors we've ever had. Of course, I can't reveal who they are, but I'll tell you everything that happened.

The very first night that they all sat down to dinner, I remember thinking that their bass player looked like a really horny bloke. He kept checking out my bum in the tight jeans I was wearing and I must admit that I enjoyed the attention. I made the effort to swing it just a little bit more when I was wandering around to collect the plates after dinner.

Whilst I finished clearing up, the band went outside onto the patio, setting up a ghetto blaster and enjoying a few beers. After about half an hour I was getting close to finishing when Toby (that's not his real name) came wandering through. He was feeling pretty lively after a few beers and began chatting me up. I must admit I was very flattered, as this guy could have his pick of any women at any time, and I could feel myself becoming aroused. The two of us were flirting like mad with each other, but I must admit that Toby was the perfect gent – although it was obvious that I was turned on, judging by the way my nipples were visible through my thin blouse.

"We're having a party later," Toby told me. "Why don't you come along."

I nodded and told him that I'd join them at the party later. In the meantime, I decided to head upstairs and change into something more comfortable. I put on a pair of shorts and a tee-shirt, looking at myself in the mirror and wondering whether Toby would succumb to my curvy body later that evening.

Just thinking about getting it together with Toby made me feel very horny, and I couldn't resist acting on my impulses. I lay back on the bed, slipped my shorts off and pulled my knickers to one side. I parted the lips of my pussy and stroked around my aching clitty, feeling that warm feeling pumping through my body.

I was feeling so horny that it only took a couple of minutes before I was coming, bucking off on the bed and feeling the juices flowing from my pussy.

I managed to compose myself and then wandered downstairs to join the party on the patio, feeling excited at the prospect of having a really hard and dirty fuck before the night was out.

Everyone was in great spirits, the music blasting out loud and the view idyllic as the empty gardens stretched into the distance. Toby came up to me and gave me a glass of wine and we started chatting. I was feeling pretty heady already, and after drinking the wine, I felt really uninhibited.

Toby filled up my glass again, then I dipped my fingers in the wine and brought them up to his mouth. Toby took them in his mouth and then his eyes lit up. He realised that he was tasting the tangy juices from my pussy mixed in with the wine. "What have you been doing while you were changing?" he asked.

"Getting myself ready for you," I retorted.

"Come on then," he said, leading me by the hand. "Let's have a wander."

I parted the lips of my pussy and stroked my clitty

The two of us stood up and walked away from the others. "Fancy a jacuzzi?" I asked. There had been an indoor pool and jacuzzi built at the back of the farmhouse only a few months before – and I relished the chance to romp around with Toby.

Of course, we didn't have any kind of costumes, which suited me fine. I'd decided that I wanted to be fucked in the jacuzzi itself, the water and bubbles massaging my skin as Toby's cock thrust in and out of my pussy.

"Let's get in," I said, once I'd turned on the water and the bubbles were frothing up nicely. I kicked off my shorts and knickers and pulled my tee-shirt up over my head. I've never been ashamed of my body and I was quite happy to stand there naked and let Toby admire my shapely figure.

Toby watched as I slipped into the jacuzzi and lay back, the tingling sensation of the water almost bringing me to orgasm right there and then.

Toby followed me in and I lay on my front with my chin resting on the side of the tub as he planted kisses all around the nape of my neck. It was all very pleasant, but I wanted steaming hard sex – and I wanted it now!

I could feel Toby's cock nudging into my back as he kissed me, so I reached around and wrapped my fingers around his shaft. "Put that cock of yours inside me," I pleaded.

Sinking into the water, Toby was able to slide his prick right inside me and begin grinding his hips, working his dick in and out of my hole. The water slopped out over the side of the tub in time with the movement which just made the feeling of pleasure even greater. I stuck my bum a

little bit out of the water to make it easier for Toby to fuck me and he quickened his rhythm, suddenly tensing up and shooting his wad deep inside my love hole, pressing his dick all the way up to the root, which brought me off at the same time.

The following day there were a few knowing glances cast in my direction by the rest of the band, but it was all in good fun. In the afternoon, while the producer started working with the drummer, Toby and I went to a secluded area of the garden and got down to some serious open-air fucking. The sensation of shagging outdoors with the sun beating down and a cool breeze blowing is hard to beat. Toby had brought his camera and I was more than happy to pout and pose for him, parting the lips of my pussy, hitching up my dress above my mound to reveal my white stockings and suspenders.

Just as we were in the middle of our impromptu photo session, Pete, the band's singer, happened to chance upon us.

He was wandering around the lawns and his eyes nearly popped out of his head when he saw me tarting around. Pete was a very handsome man too and while Toby just laughed at being discovered, I immediately thought about how amazing it would be to take both men on at once.

I think Toby must have seen what was on my mind, because he just grinned and said, "Come on. Let's all go for it". Well, I was already dressed for the part and just kept my skirt hitched while Pete took his shorts off to reveal a cock that was even bigger than Toby's and he slid it straight into my hole. I felt amazing, with two men so obviously enthralled by the sight of my naked body.

Toby had taken my boobs in his hands and was just getting down to sucking on my nipples. I was so turned on as these two men pleasured me that I was coming in seconds.

The men swapped places and Toby took me from behind while Pete knelt in front of me, his dick covered in my own pussy juices and still hard as a rock, before slipping it into my mouth. I could taste my own juices as I gave head and that made me feel even more filthy.

Suddenly Toby shot his wad inside me and Pete also spunked into my mouth, the come spurting out of the sides of my mouth and dribbling down my chin.

Of course, this kind of behaviour became a regular occurrence for the duration of the recording of the album. The fellas were always up for a party and they were always well horny too. I spent most of my time with Toby, but occasionally I'd end up having a shag with Pete when Toby was recording his parts.

On the last night of the band's stay I decided to organise a farewell party because I was really sorry to see them all leaving. I thought that they deserved something special, so I hatched a plot with one of the other girls who was working at the studio, Emma. We called up three of our girlfriends and invited them down to the party. After everyone had eaten and drunk their fill, the five of us retired to my bedroom where we all put on our sexiest underwear.

Cueing up the music to *The Stripper*, we all paraded out onto the patio and proceeded to perform a sexy routine in time to the music, before undressing to nothing but stockings and shoes. The band were going mad for it, cheering us on and applauding wildly when we finally finished our sexy floorshow.

Of course you hardly need to be told what happened next, but let's just say that there was a lot of naked flesh flying around the house on that night – and no-one was quite sure what naked flesh ended up with what other naked flesh. Not that anyone cared. The spirit of the party meant that everybody was getting up to something with everybody else. Me? I gave Toby and Pete the best present I could possibly think of... They've promised me that they'll be back here to record the next album and all I can say is that I can't wait! – *Diane, Guildford* ♣

WELCOME TO THE WORLD OF FREE SEX!

The country's leading compiler of lists of genuine females who want uncomplicated sex can supply the latest update containing hundreds of ladies who are desperate to meet men capable of fulfilling their desires. We have scoured the U.K. to find all the women who, for one reason or another, are not "getting enough" – some are married with husbands who are not up to it (or like the idea of a stranger taking the Mrs!). Some may be plain, others just insatiable while many are merely curious to experience sex fun with someone anonymous.

YOU CAN NOW MEET THE "READERS WIVES"!

No other organisation comes close - we have more girls searching for sex on our files than anybody else and all you need do to join the World of FREE Sex is to send £5.00 to cover the cost of sending our latest list, which will be accompanied by complete instructions of exactly how to go about meeting the girl of your choice.

WARNING!

MANY OF THE LADIES ON THIS LIST HAVE A PHOTO ACCOMPANYING THEIR PERSONAL DETAILS, A LOT OF WHICH ARE SEXUALLY EXPLICIT, THEREFORE IT IS FOR ADULTS ONLY.

Please send £5 Cash/Postal Order/Cheque to: WFS OFFER, (Dept. CI), P.O. BOX 171, LONDON E11 1SJ.

PHIL MISON *The Chill Out* XPress

Time to get blissed out... "A world so deep, so liquid", silver white fluffy clouds melting into a platinum gold sky. Imagine being wrapped up in cotton wool, set adrift into the blue yonder. Remember that sexy, sultry Sunday shag? Mmmm, nice.

Compiled by *Muzik* journo Ben Turner and mixed by Cafe del Mar/Full Circle fella, Phil Mison, *The Chill Out* is a dreamy amble into cool downtempo house and features such cool cuts as the classic *Cafe del Mar* by the Mental Generation and the aquiline meanderings of Warp 69's *Natural High*. Side two gets even more sublime with the likes of the haunting *101.93* by Finitribe, until by the end we've almost drifted off to the shimmering brilliance of *Subtle Body* by Fila Brazilia. These soothing, sun-kissed choonz literally ooze out of the speakers, oddly bringing on an unfamiliar aura of humility, contemplation and tranquillity, the only option being to dream on and ride that cloud straight into the sun (*You're not on Prozac are you, Ms Wilks? – The Ed*)

LOOP GURU *Amrita* North South

Grab your fave dayglo pants, a head band and a chillum. We're off to meet Salvador Dali for some fish, chips and curry sauce. Sounds a bit surreal or maybe just a bit vindaloo?

Go global and experience the world of Loop Guru's second album, *Amrita*. A mouthwateringly melon-fresh album produced by Loop Guru's resplendent 3 Wise Men, Jalal Muud, Salam Gita and Speechless. The 3 holynessess have crafted the exotic sounds of the world; chimes, steel drums, sitars, bongos, bells, chants and mantras bubble and squeak into a twisting, funky unison. Unlike your monotonous trance dance, it's a kaleidoscope of earthy cuts from all over the globe. Chilled music for the 90s post-dance generation.

Rating: yeah, yeah, yeah

VARIOUS ARTISTS *Total Science Volume 1* MCA

WARNING: Jungle will make you dance very badly. For instance, there I was prancing around (fortunately in the solitude of my own bedroom) with as much panache as a 6'5" transvestite in high heels on a podium boogying to Gloria Gaynor's *I Will Survive*. Get the picture?

Now you know the dangers, sod it. Get it on and get down, because this compilation is the Devon Cream of contemporary jungle. Released on Black Market/MCA Records it includes such killer tracks as the groovy Northern Connection's *Reel Fuc* and *It's A Jazz Thing* by Ronnie Size. Other artists featured include the Wax Doctor, Dillinger and Shades Of Rhythm to name drop a few. But don't worry if you're not a real hardcore junglist fan because *Total Science* is not of your roaring variety. Gentle jungle for pussycats.

Rating: yeah, yeah, yeah

THE BALLISTIC BROTHERS *London Hooligan Soul* Junior Boy's Own

The Ballistic Brothers are Uschi Calssen, Ashley Beedle, Dane Hill and Rocky & Diesel, and if you were expecting the usual tuff, housey beats then you're gonna get a sweet surprise.

London Hooligan Soul is as cool as your trilby hat, as tender as a lover's touch and as sweet... you know the rest. This is music for geezers who sit and chill down the juicer on a Sunday afternoon and then go home for their Gran's roast. It's rich with soul, jazz, vibrancy and heaps of nostalgia. Relive the summer vibe with the flute and drum 'n' bass combo of *Stepping Into Eden* and *Fly Away*, two superb explorations into jungle. Take a stroll down Notting Hill with the rootsy music of *Jah, Jah Call You* or go carnival crazy to the stomping bongos and steel drums of *Sister Song*. Later, it's back further in time to ska with *Peckings*, a lovely tune. And to finish, just mosey to *Uschi Lament*, one of those languid tunes you can only melt to. Say goodbye... I'm off down the pub.

knew Rick couldn't wait to get his pole up my pussy. Kelly lay back on the bed, her nipples deliciously erect as I flicked my tongue over them and her taut belly before pressing my lips and tongue over the moist folds of her sweet pussy.

I nearly lost my rhythm when I felt the effect of Rick's cock sliding up my cunt, driving us both to orgasm. I pushed my hips back onto his hips so he could penetrate me even deeper, as I munched and slurped along Kelly's clit. A damp patch spread over the bed as Kelly arched her back and came, screaming loudly.

Breaking away from beneath me, Kelly told me it was my turn to come, and tugged an impressive vibrator out of her handbag, licking it cheekily before sliding it between my thighs. It felt so good to have a wanton woman like Kelly screwing me with her buzzing toy as I cupped and caressed her firm boobs. The horny sight had Rick wanking himself off in my face, and just as I was about to come, his purple helmet plunged between my lips so I could swallow his spunk as my orgasm struck.

I shared a few more holiday thrills with this horny couple, and believe me, I'm not changing my job for anyone! – *Carla, Luton*

FUCK HUNGRY

I've wanted to write into Club for quite some time now, and having had a couple of interesting sexual experiences recently I thought your readers might like to hear about them.

I used to have a reputation for being shy and demure, even though I'm a natural blonde with a 36C-24-36 figure. I was forever getting chatted up but was too shy to do anything about it until my friend Sarah helped me to lose my inhibitions when she took me out to a nightclub.

I'd had a few drinks and been asked to dance several times but refused all the offers. Then, when this gorgeous hunk walked over and asked me to dance, Sarah pushed me into his arms and onto the dancefloor! He was very sexy with a muscled body and, momentarily forgetting my nerves, I let his hands roam all over my body. By the end of the record I was feeling so horny that I didn't think twice about dragging him out to the car park for a serious snogging session.

We made our way to a corner and carried on as before, only this time I took the lead. Loosening his belt, I yanked his trousers down and began wanking his stiff cock, then he dropped to his knees and ducked his head under my skirt. My knees almost gave way under me as I felt his tongue lapping at my crotch.

Then he lifted me onto the bonnet of a car and pushed me onto my back, peeling off my knickers and easing his prick inside me. I gasped as he powered his tool in and out and it only took a matter of minutes before we both orgasmed, our screams of delight filling the car park.

I went back into the club and saw that Sarah hadn't wasted any time while I was away. She was sitting at the bar with the manager, Mark, who insisted that we stay for a drink once the club had shut. As we sat chatting to him I could feel my naked pussy getting moist again. After a while the talk turned to sex and Mark started laughing. "Guess what I found in the car park," he said. "A pair of knickers!"

"They'll be mine, I bet!" I laughed. Mark admitted he'd seen me disappear out the door, returning with a smile on my face.

I eased my legs apart so it was obvious to see that I was wearing no knickers. Then Sarah leaned over towards me and ran her hand up the inside of my thigh. Kissing me hard, she eased her fingers along my slit and rubbed my clitty, bringing me off. I'd never kissed a woman before, but I wanted to return the compliment so I dropped down in front of her and buried my head between her legs. Judging by her moans, I certainly hit the spot and she came noisily.

Mark looked to be enjoying our display by the bulge in his trousers. Sarah had dropped down onto her hands and knees now and was wiggling her bum in front of him,

inviting Mark to enter her. He teased her clitty with his helmet before sinking his cock inside her and fucking her with vigour. Just as he was about to come, he pulled out and directed his spurting cock all over her tits. I couldn't resist going over and hungrily licking up his sticky spunk.

By now I was desperate to get to grips with a hard cock, and I lay back on the sofa and pulled Mark on top of me. "Fuck me hard," I commanded. As he began shafting me, Sarah pressed her pussy onto my face and with me lashing her clit and Mark pumping hard and fast, we all came together. The night ended with me sucking Mark's balls while he fucked Sarah hard. I didn't think we'd stop!

When Sarah called around to see me the next day, I couldn't contain my excitement as we discussed the night's activities. She admitted that she had wanted to make love to me for ages which triggered off that warm feeling in my cunt so I pulled her towards me. We kissed again, stripping each other of our clothes. Her pussy was wet as I planted my mouth on it, lashing my tongue against her clitty. It wasn't long before she was thrashing around wildly.

Reaching inside her handbag, Sarah pulled out the biggest dildo I've ever seen, saying, "I've brought a present for you." Promising to be gentle, she turned it on, letting it vibrate over my clitty as she guided the tip into my pussy hole. I spread my legs wide as she gently pushed it right inside me, stretching my pussy walls to their limit. Sarah increased the speed, building it up to a frantic pace when I suddenly clenched my legs together and an orgasm ripped through me.

Since I've started playing around with Sarah I've become insatiable. As well as keeping myself satisfied with her two or three times a week, I've now become a real floozy with men. If I see a hunky bloke I just have to go for him – so watch out, fellas! – *Marie, South London*

FUCKING FRIENDS

I've been seeing Jane, my girlfriend, for three years now and we're lucky enough to still have a great sex life. We've never been afraid to experiment and recently we experienced a particularly exciting episode.

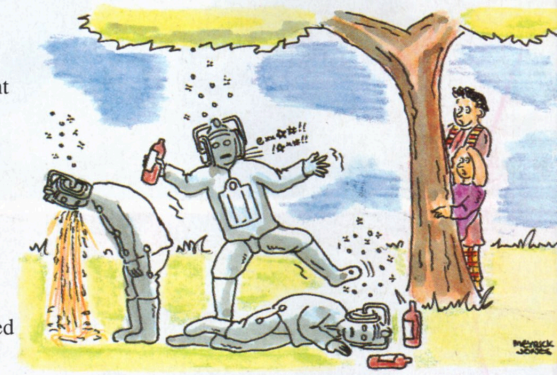
An old workmate of mine, Graham, called to say that he was travelling through the area and so I invited him to stay at our place for a few days.

Graham had already arrived by the time I got home from work, and he and Jane were comfortable on the couch, already halfway down a bottle of wine. After a couple more bottles we were soon putting the world to rights and, predictably, got talking about sex. Graham admitted he hadn't had it for a while and was desperate to get some serious action.

When Graham was out of the room, Jane admitted that she would be more than willing to share herself in a threesome, a fantasy that we'd often talked about but never tried.

Jane excused herself on the premise of going up to bed early, while Graham and I sat in the lounge. Then I flicked on a blue movie for us to watch whilst we finished the wine.

Graham's eyes lit up as he took in the action on screen. Then, with perfect timing, Jane strolled back into the room in a see-through teddy and stockings just as the screen was filled with a shot of a woman expertly deep-throating two men in turn.



Look Doctor! Cydermen!

"That looks like fun," she said, crouching between Graham's thighs and moving her hand onto his zip. "How about showing me how much."

I nodded my approval at Graham, as we both dropped our trousers. Graham gasped with pleasure as Jane started sucking his cock and I watched in amazement as she took his length all the way down her throat.

As Jane's head glided up and down, I got behind Jane and bent down to lick and nuzzle her pussy. After a while, Graham and I swapped places, and it wasn't long before he eased his cock into Jane's cunt, slowly grinding in and out of her as she sucked my cock to the same rhythm.

Jane loves giving head, and relished the chance to have a new choice of meat to eat. In fact, she had her mouth full of dick all night, taking them right down to the root, as we took it in turns to screw her.

Although this was our first experience of a threesome, Jane has told me that she's ready for more, and next time it's going to be a sexy girl who joins us! – *Stephen, Oxon* ♣

Now there's something you don't see every day, two birds with no pubes getting sort of 'friendly' with each other. And who's the girl in the rubber and that? Oooh, it's flirty Carrie all ready for a right seeing-to. What's that? The other girl with the blonde hair and nice tits? Oh, yeah, she's in next month's issue too, but we haven't thought up a name for her yet!
